

ADOBE BREAKFAST SEMINAR: LOWER YOUR COSTS, INCREASE BUSINESS EFFICIENCIES

Are you looking to make immediate gains in costs and efficiency?

You're invited to attend an Adobe Breakfast Seminar where over a delicious breakfast you will learn how to:

INCREASE STAFF EFFICIENCY

Replace internal paperwork nightmares with Acrobat forms that your staff can build in-house.

Learn how, Acrobat's collaboration capabilities enable project teams to simultaneously review client information. Nexia ASR, an Australian based accounting firm, predict that they will save 425 hours in the first year of using Acrobat - hours that can be billed to customers to generate revenue.

REDUCE COSTS

Cut back on travel costs by using online meetings that fit into any existing IT infrastructure. Empower trainers to design content that captures & keeps attention with engaging video, audio and interactive multimedia.

AUTOMATE THE MUNDANE

Automate workflows with LiveCycle Process Management. Centralise & secure your content with LiveCycle Content Services & Rights Management and produce engaging correspondence without lifting a finger with LiveCycle Output.

Adobe LiveCycle ES Solutions helped the Australian Department of Health and Ageing provide an electronic reporting option that realised a 923% ROI over three years.
